It is with great appreciation and many thanks that we, the Class of 1991, dedicate our Climber to Mr. Robert E. Lopes. His instruction and support have helped all of us, but he perhaps teaches best by his own example. More importantly, his good-natured professionalism has made him a role model as well as a teacher. His selfless contributions both to the individual and to the school as a whole have made him a vital, dearly loved member of our school community. Mr. Lopes, we'll never forget you.

WEST BRIDGEWATER ALMA MATER

Through the dawn of each tomorrow Stands our Alma Mater clear; Firm and strong her code of ethics, Code her students hold so dear.

"Time it was,
And what a time it was,
It was ...
A time of innocence,
A time of confidences.
Long ago ... it must be ..
I have a photograph
Preserve your memories;
They're all that's left you."
-Simon and Garfunkel

In times to come, when you think of your years at West Bridgewater High School, turn through these pages once again. Remember your friends, all those with whom you have shared these golden years of your life. Remember the laughter and the tears, the joy and the pain, times of divine happiness and times of sadness. And never forget that there will be others turning these same pages, reliving the same memories, thinking of you.

ADMINISTRATION

TO THE MEMBERS OF THE CLASS OF 1991

Thanks to your individual and collective efforts, the spirit of commitment to your daily tasks and service to your school has been evident throughout your high school experience and particularly apparent during your senior year. You are to be commended for your dedication and success especially during an era when public education with the varied and important services it provides is in jeopardy. Likewise you are to be commended for your understanding and implementation of your schools objectives and expectations and for channeling your energies in that direction. You have expressed yourselves as a caring group of young people both in school and in the community. From these endeavors and associations you will gain a long lasting bondage of friendships and a feeling of self fulfillment.

I have enjoyed my partnership with the members of the class of 1991. As you approach commencement, I congratulate you for the successful completion of your program of studies and thank you for the significant contributions you have made to your school. May success, good health and good fortune be your reward for a job well done.

Thank you,

5 Eul Roman

the Class of 1991 — Congratulations! You have finally achieved a milestone in your lives of nich you can be proud. For the past twelve or more years you have endured the grind of preparing onework, the anxiety of studying for tests and quizzes, the tediousness of writing term papers, and e complexities of computer technology.

ou have enjoyed the athletic encounters, proms, class plays, and the other extra-curricular tivities available to you. The daily associations with friends, peers, and teachers have been an tegral part of the total educational process.

has been a pleasure working with you, the Class of 1991. As you go forth into the real world, may e experiences which you have had serve as a basis for your future endeavors. Best wishes!

obert W. Chapman ean of Students

"You are a very unique person. No one can stand where you stand, know what you know, feel what you feel, be what you are, or do what you do. Think of that for a moment. No one can do, be, feel, know or think exactly as you can. That makes each one of us a very unique person. The highest honor that could be bestowed has been granted to each of us, the honor of being a special person without a duplicate. Even identical twins are not completely identical. Man was not built by chain production methods. And this exclusiveness makes each of us very important to the whole scheme of humanity and eternity.

Man is always and forever to be in competition, not with his fellows, but with his own yesterdays. If any man will see to it that today he rises above yesterday in knowledge, in effort, in creating, in helpfulness, he will find a peace and a satisfaction that no competition with his neighbor could ever produce." - Harold J. Drown

Believe in yourself ... you are special to us.

I wish you success and much happiness.

West Bridgewater High Student Epitomizes 'School Spirit'

By Nancy Brearley

W. BRIDEWATER - School spirit. What is it and who has it? Is it the person who takes part in school activities or who belongs to several clubs? Maybe it is the student who runs for office and serves as a class officer. Perhaps it is just the ordinary student who does things for his or her school without being asked.

Whatever it is, school spirit is epitomized in the form of West Bridgewater High student, Jerry Lawrence. A senior, Jerry is serving a term as class president. He is also president of the Key Club, advertising editor of the year book and student advisor to the school committee.

Elaine Peckham, West Bridgewater High School teacher, says of Jerry that "he does things over and above" what the position calls for. She believes that

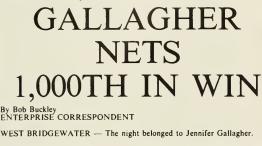

"the improvement in school spirit at the high school has mainly been due to Jerry Lawrence's organiza-

Jerry's spirit is not confined to activities within the walls of the school but also extend beyond to the athletic field and town activities. He works with the high school cheerleaders and has attended cheerleading camp in the past. Lawrence has even coached his own group of cheerleaders from the Youth Football Association in town.

Last year, Jerry was chosen to attend Boys' State, Each year, students from high schools throughout the state are chosen to attend a weeklong forum sponsored by the American Legion. Community involvement and leadership abilities are important qualities in the candidates that are chosen to attend.

Whatever Webster's Dictionary says is the true d nition of 'school spirit', it would be hard to impron West Bridgewater High's version. As a sen Jerry will be graduating in June and taking his tal 'for getting the ball rolling' with him.

Next year, when something needs to be done, prably more than one person will ask, "Where's Jerr

Gallagher, the senior captain of the West Bridgewater girls basketball team, became only the second Wildcat player to surpass the 1,000-point mark before an appreciative home crowd as the Wildcats rolled to a 65-30 win over Southeastern on Wednesday.

Going into the Mayflower League matchup, Gallagher needed just two points to reach the magical moment and did not keep her fans waiting long. However, before that moment, Gallagher showed she is more than just a scorer.

Gallagher began the game with a blocked shot and an assist in WB's first three possessions. On the Wildcats' fourth possession, Gallagher hit a bank shot only to have referee Dave Guenard whistle a foul before the shot.

It proved to be only a momentary delay.

Gallagher, the point on the West Bridgewater press, forced a turnover and then followed the play to convert an offensive rebound with 14:04 left in the first half. The game was stopped to honor Gallagher who became West Bridgwater's all-time second-leading scorer behind 1981 graduate Kim Alden.

Gallagher was presented with flowers and balloons by her family and teammates and then tossed the game ball to her proud father, Bryan Gallagher.

"She is a 1,000-point scorer but she has always been a team player first," said Bryan Gallagher. "She has always been good in all sports."

Mr. Gallagher said there are many people who shared in the special moment and credited Wildcat coach Steve Barrett.

"Mr. Barrett has been here during her entire four years and he has been excellent," said Gallagher. "He is always right there, especially when the grades

Basketball has not been the only thing on the young Gallagher's mind these days. Most of her attention has been focused towards the conflict in the Persian Gulf where her brother, Bryan, is stationed in the Middle East.

"I've dedicated my season to Bryan," she said showing the yellow ribbon in her hair. "Basketball has been a nice diversion. I am able to put all my energy into this."

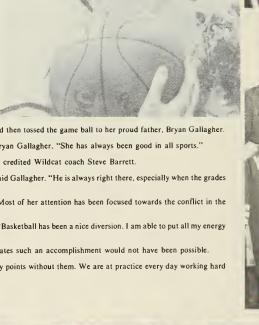

Gallagher, who scored a game-high 16 points, noted also that without her teammates such an accomplishment would not have been possible.

"I give all the credit to them, said Gallagher. "I would not have scored half as many points without them. We are at practice every day working hard towards a championship

Barrett heaped praise on his star.

"She is just a great kid outside of basketball," said Barrett.

Be understanding to your enemies

Be loyal to your friends

Be strong enough to face the world each day

Be weak enough to know you cannot do everything alone

Be generous to those who need your help

Be frugal with what you need yourself

Be wise enough to know that you do not know everything

Be foolish enough to believe in miracles

Be willing to share your joys

Be willing to share the sorrows of others

Be a leader when you see a path others have missed

Be a follower when you are shrouded by the mists of uncertainty

Be the first to congratulate an opponent who succeeds

Be the last to criticize a colleage who fails

Be sure where your next step will fall, so that you will not stumble

Be sure of your final destination, in case you are going the wrong way

Be loving to those who do not love you and they may change

Above all, be yourself--we love you as you are.

ELEN ESTA INC.

P.O. BOX 123 WEST BRIDGEWATER, MA

It has been my honor to serve you, the Class of 1991, as Class President for the past three years. I hope all the future classes will have as much spirit and pride for West Bridgewater Jr.-Sr. High School as we have had for the last six years. I also hope that you will support our school in the struggle to continue providing an excellent education to all its students — just like the one we were fortunate to receive. It is my wish that after graduation we will all become successful in our own ways. Another hope that I have is that someday we, the Class of 1991, will reunite to look back upon our High School days and far ahead into the future. Perhaps we will realize that the friends and the moments that we shared together were the best. I know they were for me and — thanks to all of you — I will never forget both the sad and happy times that we have shared together. Listed below are only a fraction of these great times that I have had with all of you. I hope that you will enjoy remembering all of these time — I know I always will!
